OFFPRINT TERMS OF DELIVERY

1. These terms only apply to authors of papers which are published in this book.
2. Only one author of a multi-authored will receive an order form. It is essential that the offprint requirements of all the authors of a paper are included on this order form, as the price of offprints ordered after publication is substantially higher than those quoted here.
3. Offprints can be ordered by completing the first page of this form. Please indicate clearly, in the box provided, the **exact number** of offprints you require. Please also note that offprints may only be ordered in multiples of 50. We regret mixed orders are not possible. Offprints will only be supplied if this form is completed and returned. **Offprint orders are not acknowledged.**
4. All orders must be accompanied by an Institutional Purchase Order (unless they are prepaid). If you are returning the original Offprint Order form along with your paper before a Purchase Order has been processed, please ensure **that a copy of the Offprint Order Form is sent to the institute to be attached to the Purchase Order.**
5. Offprints are despatched by standard air services at no extra cost.
6. Since the offset-plates are destroyed immediately after the book is printed, all late offprints orders received will be treated as repeat orders - the price is then substantially higher.
7. Cancellation (and Returns) of orders will not be accepted after printing of the book has been finalized.
8. Claims must be made within three months of the date of our invoice.
9. Any correspondence in connection with offprints must state the title of the book, name(s) of the book editor(s), title of the paper, name(s) of the author(s) and the publishers' reference number.
10. Customers in countries where VAT or Sales Tax is applicable will be charged for any tax due. If registered, please provide numbers: VAT/SALES TAX NO (US sales tax or exemption no.)
11. Prices are subject to change without prior notice.
